

The following is the appeal as received in the box of Gary Buffington, Judicial Board Chair:

Gary Buffington

Jimmy J. Wilson  
[REDACTED]

Reason for appeal: I missed the mandatory senate meeting due to the fact I did not know about it. When I picked up my packet of information, the office was crowded with several people talking at once. I remember having a packet of information handed to me and being told to look over these rules and guidelines for my campaign. I do not remember being told about a mandatory meeting.

The following is the ruling from the Judicial Board:

**In the appeal of Jimmy J. Wilson, we the Judicial Board find in favor of the Election Commission. Mr. Wilson's contention that he was ignorant of the mandatory candidate meeting is not an allowable excuse according to the specifications in the candidates packet. We do however commend Mr. Wilson on his honesty and effort.**
